Re: Freedom of Information Act (FOIA) Request Number
10-RIN-391-96

Dear Mr. Green:

This letter is in response to your FOIA request, dated April 22, 1996. You requested information about Reynolds Metal Company, Midway Landfill, Resource Recovery Corporation, and Spokane Junkyard.

The Project Manager for Spokane Junkyard is Kevin Rochlin at (206) 553-2106. There are 283 pages of documents regarding this site enclosed at a cost of \$52.45 (\$.15 per page plus \$10 for one-half hour search time). You have given assurance of payment not to exceed \$200 and a statement will be enclosed with the final response.

Lynda Priddy of my staff spoke with you on May 9, 1996, and explained that the Washington State Department of Ecology (Ecology) is the lead for Midway Landfill and Resource Recovery Corporation. As lead, Ecology is not only conducting the investigation and remediation of both of these sites but is also the decision-maker for all activities at these sites. The complete site file and administrative record for Midway Landfill and Resource Recovery Corporation is in the possession of Ecology. Ms. Priddy suggested that you contact the Ecology Site Manager for Midway Landfill and Resource Recovery Corporation for the information about these sites that you requested in this FOIA. The Site Manager for Midway Landfill is Ching Pi Wang. His telephone number is (206) 649-7134. The Site Manager for Resource Recovery Corporation is Guy Gregory and his number is (509) 456-6387.

As Ms. Priddy also explained, the Environmental Protection Agency (EPA) has some rather dated and unindexed files containing documents regarding the Midway Landfill and Resource Recovery Corporation. In your conversation with Ms. Priddy you agreed to contact Ecology for the information you requested and perhaps later recontact Ms. Priddy for the information in EPA's possession about these sites.

The Reynolds Metals Company documents will be sent by Project Manager Chip Humphrey, telephone number (503) 326 2678, from our Operations Office in Portland. In the meantime, EPA will consider this letter to be an interim response to your FOIA request. If you do not request copies or a file review from EPA by June 28, 1996, EPA will consider this FOIA closed.

This concludes the EPA Region 10 interim response to FOIA request number 10-RIN-391-96. If you have any questions please call Ms. Priddy at (206) 553-1987.

Sincerely,

for Catherine Krueger, Unit Manager

Request For Documents (Cont'd)

We are not seeking any raw data on waste generation, transport, or disposal issues, but only summaries of that information. We already have the ROD document for each of these sites; therefore, we are not looking for any information that would already be included in that data.

We are asking for this information on the following site(s):

FindsID	Site Name	City	State
ORD009412677	REYNOLDS METALS CO	TROUTDALE	OR
WAD980638910	MIDWAY LDFL	KENT	WA
WAD991281874	RESOURCE RECOVERY CORP	PASCO	WA
WAD981767296	SPOKANE JUNK YARD	SPOKANE	WA

I understand there may be search and duplicating fees incurred as a result of this request. Please call me if fees are estimated to exceed \$200. Please also call me if you have any questions regarding this request. Thank you.
